## Business Men Discuss Local Fire Problem

The Sidney Businessmen's Association met at dinner at Roberts' Bay Inn on Friday at 6:15 p.m., H. J. McIntyre presiding with 22 members present.

After enjoying a very fine dinner prepared by Mrs. Simister the meeting was called to order, the minutes of the last meeting being read and adopted on motion of A. W. Hollands, seconded by F. L. Godfrey.

Members of the association were enthusiastic over the success of the Sidney Elgar Choir and after many complimentary remarks it was moved by G. A. Cochran, seconded by F. N. Wright and unanimously carried that the secretary write the choir and extend congratulations and good wishes.

The committee looking into the problem of having the ditch made safe on Fifth Street adjoining Stacey's Hall reported that the Public Works Department had looked into this matter and same would receive attention shortly. It was moved by J. Gilman, seconded by C. C. Mounce and carried that the secretary write W. Munro, road foreman, and thank him for taking up this matter.

The question of improving the streets of Sidney, in particular the main thoroughfare, Beacon Avenue, from the sea to the East Saanich Road, was considered and a committee of G. A. Cochran (chairman), J. Lind, J. F. Simister and H. J. Readings appointed to study the proposition and seek the aid of the Public Works Department, the Sidney Dominion Experimental Station, the North and South Saanich Horticultural Society, and the Victoria Publicity Bureau. The planting of grass seed on the boulevard, looking into the care of trees already planted, the planting of more trees and flowers are things this committee will look into to beautify Sidney.

F. N. Wright, chairman of the committee that promised "to do or die" as regards the disposal of garbage and junk, brought in a report that just about flooded the entire gathering. For after years and years of meetings and more meetings and discussions and more discussions this question of disposal of garbage, junk, etc., seems at last solved. Since last meeting Mr. Wright had let no grass grow under his feet! Discovering an ideal site on the seafloor on the

property of the Canadian National Railways, a little to the south of Bazan Street, he immediately contacted the right official at Winnipeg, having the say-so in matters of the use of C.N.R. property here, and explained how this particular piece of high rock-bound property, forming a miniature bay was an ideal site for an incinerator for the town and district. The official has agreed to recommend that this spot be turned over for the purpose suggested, subject, of course, to removal should the land be sold or required for railway purposes. A fee of one dollar enters into the deal to make it legal. It was moved by F. L. Godfrey, seconded by G. Bowcott, and carried, that Mr. Wright communicate with the Canadian National official, convey their thanks, tender the dollar and accept their offer. It was also moved by F. L. Godfrey, seconded by S. R. Anderson, that F. N. Wright be appointed a committee of one, with power to add, to take charge of the construction and operation of the incinerator. Mr. Wright is open for offers of volunteer help in the construction of this incinerator, and expects to have same erected at very small cost.

It was moved by J. Gilman, seconded by F. N. Wright and carried that the membership be assessed \$1.00 to cover expenses such as printing, advertising, postage, telephone calls, telegrams, etc.

At 7 p.m. the fire alarm air whistle was sounded. But, alas, when the fair telephone operator pulled the switch all was quite silent in the whistle area. At the dinner members of the association began examining their watches to see if same were setting forth the right time. Anxious looks were exchanged and the telephone rang and Mr. Roberts was informed by a charming voice that the signal had been heard quite distinctly! Then came word from central that no commotion occurred on the top of Readings & Son's Garage when the signal line was pulled and Benny Readings immediately set forth thinking that possibly the air pressure in the tank was down and consequently no whistle sounded. A quick trip, however, revealed plenty of air was available. Well, then, what was the trouble? To find out George

Reg. Bristowe will play the part of Bishop Carton, Richard's uncle, and Mrs. Cruickshank will play the part of Mrs. Carton, the Bishop's wife.

The chaos caused in the family by Richard's indiscreet act of becoming engaged to a chorus girl, played by Marguerite Primeau, creates some amusing situations.

## Our Lady Whistler

Sidney's Lady Whistler is the loudest in the town. Last Friday night I'm told that she was heard for miles around. She created quite a racket. But let us hope and pray that she won't have to whistle again for many and many a day.

Her broadcast caused excitement. To some her tune seemed strange. The kids yelled "Where's the fire, Dad?" And Dad said in the "Range." Autos, trucks and bicycles were scooting here and there. She certainly woke some folks up. When she went "On The Air."

The business men of Sidney were banqueting when she blew. Prime full of chicken, ham and pie. Out to the street they flew. Then "Nip." The Fire Chief, yelled: Boys! There ain't no fire in sight—Miss Enos's first rehearsal. Or trying to give us a fright.

So back into the Roberts' Bay Inn The business moguls ran. To concentrate again upon The "New Deal" they'd began. Then to show they weren't frightened, And exonerate her from blame. They phoned a hearty vote of thanks To Sidney's Whistling Dame.

## SCOUTS WILL HOLD OPEN NIGHT NOV. 24

Excellent reports were received from the Scout troop, the A and B Cub packs, also the Brentwood pack recently organized under the direction of Scoutmaster King.

It was made known that the senior boys in the troop are taking a course in Saint John's ambulance work under the direction of Bert Boshier, which will no doubt prove very beneficial.

A special "Visitors' Night" will be held on Saturday, Nov. 24th, at the Guide and Scout Hall, at 7 o'clock, when all parents and others interested in the movement are invited to be present. A very worthwhile display will be put on and those in attendance will be able to see just what is being accomplished by the boys.

The Scout Council has set the first Tuesday in each month as the day for its regular meeting.

## BOX SOCIAL HUGE SUCCESS

Woods was awarded the prize for the most decorated box. After the supper dancing and cribbage were indulged in until midnight.

## Ladies' Aid Annual Meeting, December 1

The November meeting of Saint Paul's United Church Ladies' Aid was held at the home of Mrs. J. T. Jackson, Queen's Avenue, on Nov. 7th. There was a very good attendance of members and three visitors. Tea hostesses were Mrs. Jackson and Mrs. McKay.

Among other business arrangements were made for decorating the church for "Armistice," also plans were completed for the men's supper meeting to be held tonight in Wesley Hall at 6:30.

The next meeting, which will be the annual general meeting, when officers will be elected for the coming year, will take place at the home of Mrs. Sam Brethour, East Saanich Road, on Wednesday, Dec. 5th.

## WELL KNOWN ENTERTAINERS COMING SOON

The residents of Sidney and district will again have the opportunity of hearing the Meistersingers of Victoria, when they appear at Stacey's Hall soon. This choir of 20 male voices and two lady soloists, made their first public appearance in Sidney last year and since then the press and critics have pronounced them as the finest singing aggregation on the Coast, ovations greeting them on every appearance. They were also booked by the Famous Players Theatres, and this year will appear at the leading theatres on Vancouver Island and the mainland. The program this year is even more ambitious than last, the principal operas in their repertoire being "Carmen," "The Student Prince," "Rigoletto," "Faust," "Madame Butterfly" and "Il Trovatore." This is one musical event that you will regret missing, as Frederic King, the conductor, has prepared a bigger program than will be given at any of the theatres.

## "You can't stop stoking a steam engine" said Wrigley

Interviewed, and asked to what he attributed his phenomenal success, the late Mr. Wrigley, of chewing gum fame, replied, "To the consistent advertising of a good product."

"But," asked the reporter, "having captured practically the entire market, why continue to spend vast sums annually on advertising?"

Wrigley's reply was illuminating.

"Once having raised steam in an engine," he stated, "it requires continuous stoking to keep it up. Advertising stokes up business and keeps it running on a full head of steam."

This applies to your business, too. Don't make a secret of your product. Tell people all about it. Tell them what it does. Tell them its advantages. Tell them where to get it. Tell them through the Press and keep on telling them.

## Business Men Discuss Local Fire Problem

(Continued from Page One)

Gray and Newall Copeland were going to investigate! Checking over the piping, the signal-line, etc., they finally arrived on top of the building where the whistle was sitting doing absolutely nothing. Then the discovery was made that a piece of dirt was wedged under the disc of the whistle, stopping same from making the desired noise. The chunk of dirt had been in the pipe and when the air was turned on lodged in the whistle. This will not occur again as there is an air filter to be installed — this part being overlooked in shipment from Vancouver, and has now been sent for.

When the dirt was removed and a long blast from the whistle finally wafted to the four winds of North Saanich 'phone calls from Mount Newton, Experimental Farm, West Road and Swartz Bay citizens assured members that the alarm could be heard over a wide area.

Upon returning from the whistle expedition Mr. Gray reported on behalf of the fire protection committee, his information covering every fire brigade on Vancouver Island, as regards equipment used, kind of hose, booster tanks, chemical tanks, ladders, etc. So voluminous was the correspondence and reference books, samples, etc., that it required a suitcase to transport same to the meeting. Mr. Gray and his committee were thanked for their untiring efforts in gathering this valuable information and a great deal of time was consumed in the discussion of equipment and ways of raising funds to purchase these necessities for the protection of Sidney and North Saanich. It was brought out in the discussion that further calls on Victoria would not be responded to and that a bill of \$600 was proposed by the city authorities for the last run to Sidney. The question of fire protection for Sidney and district is a serious one and the association plans taking steps immediately to endeavor to secure the necessary equipment.

On motion of A. W. Hollands, seconded by F. N. Wright, and carried, the finance committee was instructed to raise funds and to examine ways and means of building up a real efficient fire brigade, purchasing in units, if necessary, until the needed equipment reached the goal set, procuring the most needed items first. The committee already has been favored by a number of subscriptions towards the first unit, while the larger question of a full equipment is gone into.

On motion of A. W. Hollands and J. Gilman the officers of the association were instructed to open a bank account with local Bank of Montreal.

The membership roll was signed by F. N. Wright, F. G. Bowcott, W. A. Stacey, Jack Williams, D. Lawrence, Frank L. Godfrey, Owen Thomas, J. F. Simister, A. W. Hollands, Alex. S. Warrander, B. J. Readings, H. J. Readings, John Lind, S. R. Anderson, W. N. Copeland, G. Gray, H. J. McIntyre, J. Gilman, S. Roberts, C. C. Mounce, G. A. Cochran, A. Critchley.

The meeting adjourned at 10:45, after the longest session held yet.

The next dinner meeting of the Sidney Businessmen's Association is scheduled to take place on the first Wednesday in December, namely,
